As legal representative and notary public, with standing the personal contract of **Mad Comedian**, meaning my contact as the voice of **Mad Comedian** had no influence in this virtual bi-lateral contractual agreement and testimony. And that this bi-lateral agreement with **Tyrese Gibson** was between the brand of **Mad Comedian** and as of this date signed the **master publisher** which is **Coaches! 101 Promotions** for the exclusive sound contained in **Quarantine By Tyrese Gibson Feat: Mad Comedian**. I can attest to the notion this contract done on Instagram is a legal binding contract.
